PREFACE

The fortieth annual volume of the Industrial Arts Index is a cumulation of the monthly issues published from December 1951 thru November 1952.

No new periodicals were added during the year. *Civil Aeronautics Administration Journal* discontinued publication with the July 20 issue. The names of several magazines were changed and these and other changes were noted as they occurred in the announcement pages of monthly numbers of the Index and in the List of Periodicals Indexed.

We mention with regret the resignation of Mrs. Lucille Craumer in December 1952. Mrs. Craumer had been a member of the staff since 1945.

We are very grateful to Miss Doris Dart for her increased contribution to the chemical and physics indexing thruout the year.
